

**BACHELOR OF BUSINESS ADMINISTRATION PROGRAM  
Declaration of Second Major**

Today's Date: \_\_\_\_\_

A student in the BBA program may complete a College major. All students receive a Bachelor of Business Administration with a major of General Business. Your priority major is General Business. A College major will be a second major. You must contact the department directly to confirm the requirements for a particular major. Business School students do not necessarily get the priority consideration in selecting courses in a second major area. **Please return this form to the Goizueta Registrar in GBS Room 453 once signatures have been obtained.**
